Music Tuition Programme

We are proud to have one of the best Music Tuition Programmes in the state, staffed by some of the most skilled musicians and educators in Australia, who are dedicated to the success of our students.

The College will provide the platform for students to commence their journeys toward musical excellence, toward tertiary study in Music, or perhaps toward a career in the music industry. Through the support of our families, industry partners and other stakeholders, we offer the use of quality professional instruments and equipment, maintained by reputable people to the highest standards.

The College endorses and provides learning experiences and assessments in accordance with the Australian Music Examinations Board (AMEB) syllabi. This includes preparing for both practical and written examinations. Tutors will establish programmes for each student based on what is regarded by the tutors as the best pathway for development.

Pathways include:

- Jazz (Specialist Music Pathways)
- Western Art Music Traditions
- Contemporary Popular Music (CPM)
- Music for Leisure

All examinations successfully completed and reported to the School Curriculum and Standards Authority:

- Are listed on the student's WASSA (Western Australian Statement of Student Achievement)
- May contribute towards the breadth and depth requirement of WACE
- May contribute towards the C grade requirement of the WACE

The College also offers an extensive Co-Curricular Ensemble Programme, students are encouraged to participate.

"...I have to say, there's too many soloists in one school to be a coincidence.. your band director has created a culture that allows people to flourish... I'm really with that kind of spirit... that's how it felt with the people I've heard coming out at Carey..."

- James Morrison, 2016
